

RUSSIANS HOLDING OFF JAP ATTACKS

Tail End of Czar's Troops Are Withdrawing Slowly—Red Cross Detachments Working Night and Day.

Labor Scarce Now at Gunshu Pass—Chinese Ask Permission to Accompany Russians Saying Women Fearing Japanese.

Gunshu Pass, about 165 miles north of Mukden, March 20.—(Morning)—The first army, which has been covering the retreat of the Russian forces from the south, is withdrawing slowly, checking comparatively light attacks by the Japanese. The Japanese are conducting a flanking operation on the right, and from two Russian columns Japanese batteries are visible keeping pace a short distance away. The Red Cross detachments at all of the intermediate stations to Harbin are working night and day, operating, bandaging and feeding the wounded.

The Chinese population are leaving Gunshu Pass for Kirkin, and the labor question is therefore growing critical, though Chinese receive the unprecedentedly high wages of 40 to 50 cents a day.

On Saturday, while the correspondent was proceeding almost with the

men feared the Japanese, who treated them worse than did the Chinese bandits. Practically the entire village accepted the officer's permission to accompany the rear guard.

The Japanese have ordered all Chinese in Mukden having Russian money to appear at the police station and exchange paper and silver money for Japanese notes issued specially for Manchuria.

The mistake was made before the destruction of several Russian commissary depots of issuing spirits to private soldiers to whom officers had given requisition slips.

FIREMEN AND ENGINEERS REACH AN AGREEMENT

New Haven, Conn., March 20.—It was announced today that the sub-committees of the Brotherhood of Locomotive Firemen and the Brotherhood of Locomotive Engineers of the New York, New Haven and Hartford Railroad, had reached an agreement relative to the long-existing trouble between the two unions, and that the agreement is to be placed in the hands of General Manager Higgins, Second Vice Grand Master Shea, of the Brotherhood of Locomotive Firemen, is quoted as saying that in all probability the railroad will give out the statement in the course of a day or two, but would not discuss the terms of agreement.

TWO BABES CAME OUT UNSCATHED,

But Their Mother May Die of Her Injuries—Remarkable Wreck

On the Chicago & Erie Road Near Chicago, in Which Twelve Passengers Were Hurt.

The Limited Mail Plunges Down an Embankment Twenty Feet, While Running Sixty Miles an Hour—Many Remarkable Escapes.

Hammond, Ind., March 20.—A wreck, considered by Erie officials one of the luckiest in the history of the road, occurred at Winfield, a flag station east of Hammond, shortly before 9 o'clock yesterday morning. The New York-Chicago Limited, running as second section of No. 9, while going 60 miles an hour plunged off a high embankment and landed 20 feet below in a ditch, and no one was killed. Twelve people were injured. Two may die.

The wreck was caused by the auxiliary reservoir under the engine cab dropping into a switch frog, which caught the front trucks on the two derails. The train plowed through ties for 300 feet, but the engine stuck to the rails, while six cars toppled over the embankment. Engineer Walnitz and Fireman Gorman Huntington stuck to their posts and escaped injury.

There were two passenger coaches in the train, the rest being express, mail and baggage cars. Twenty-seven passengers were in the two coaches. Conductor Will Drake, bloodied from injuries caused by broken glass, led a rescuing party. Farmers going to church assisted in dragging wounded passengers out of the ditched cars. A freight car was turned into a temporary hospital, and four physicians from Crown Point, Des. Gibbs, Quisel, Krost and Farley, in answer to a telephone message, came

on a hand car three miles to the wreck. Special trains from Hammond and Englewood bearing 10 doctors, were hurried with unusual promptness to the scene. All the wounded were brought to St. Margaret's Hospital in this city.

There were many remarkable escapes. Mrs. Mary Cairo, Chicago, had a child in each arm. Neither child was injured, but she was so badly crushed that she may die. C. H. Williams, baggage man, 44 years in the Erie service, numbers this his twenty-seventh wreck. He knelt down and thanked God when rescued. The rest of the train, consisting of three Pullmans, had been cut off at three hours before, or the casualties would have been greater. Wreckers from Englewood and Huntington are clearing the wreck away. The first of wounded is:

Frederick Peavy, brakeman, Huntington, Ind., head badly hurt and leg bruised.

William T. Drake, conductor, Chicago; face cut by glass, nose broken back sprained.

Mrs. M. Cairo, 256 Clifton place Chicago, formerly of Niles, Ohio, injured internally, may die.

Morton Schindler, 4511 Champlain avenue, Chicago, head hurt by water tank falling on it.

C. H. Williams, baggage man, Ma-jor, Ohio, scalp cut and internal injuries.

INSPECTION OF TRACTION LINES

CINCINNATI CAPITALISTS WILL LOOK OVER THE BOWLING GREEN ROAD ON MONDAY.

Toledo, March 19.—A party of Cincinnati capitalists will leave that city Sunday night for a tour of inspection over the Toledo, Bowling Green and Southern traction lines. The party will leave in a special car over the C. H. & D. and will be the guests of President George Kerper at breakfast in Toledo Monday morning.

A private car will then take them over the line of the Toledo, Bowling Green and Southern road to Findlay, from which point automobiles will be used over the route of the proposed extension to Lima.

The afternoon will be devoted to a trip over the lines between Toledo and Detroit.

THE PENNSY MAKES CHANGES.

The most important change in the pension department of the Pennsylvania Railroad company since its inception a few years ago is contemplated as the result of a plan orig-

nated in the Pittsburg division. A scheme has been evolved by the Brotherhood of Locomotive Engineers and has received the approval of General Manager W. W. Atterbury, by which each employee will give one day's wages each year, and funds will thus be provided by which the optional limit of retirement on a pension will be reduced from sixty-five to sixty years. The present rule is that when an employee has served ten years and has reached the age of sixty-five he may be retired at the discretion of his superintendent. At seventy years the retirement is compulsory. The pension received amounts to twenty per cent of an employee's salary, based on the average of the last ten years of work. Engineers of the Pittsburg division who thought that sixty years of age, when ten years of service, should entitle employees to retirement at their own request, suggested to General Manager Atterbury that each employee on the Pennsylvania railroad proper should contribute one day's wages each year and thus provide the additional funds that will be needed if the age limit is lowered by five years. Mr. Atterbury gave the plan his approval, and it has been submitted to the Pittsburg, Middle and Philadelphia divisions employees, all of whom are in favor of the change.

KANSAS OIL MEN MEET TO FIGHT STANDARD TRUST

Producers in Convention at Independence Plan Decisive Action.

GREATEST GATHERING OF THE KIND EVER KNOWN

Appeal to President for a Fair Deal in Coming Inquiry—Fear Investigation Will Prove Far-ical—Ida M. Tarbell Urges More "Saw-ing Wood and Less Kicking."

Independence, Kan., March 20.—The biggest mass meeting of oil producers ever known was held here today under the auspices of the Kansas Oil Producers' Association. Two business meetings for the adoption of a constitution and the creation of an executive committee, which

shall have plenary powers, and a third session at which prominent speakers made addresses, constituted the day's program.

About three thousand persons were present. Among the most prominent were Ida M. Tarbell, Frank Monnett, ex-Attorney General of Ohio; Governor Hoch, Lieutenant Governor Hanna, Congressman Campbell, who brought about the order for an investigation of the Standard Oil Co. by the Bureau of Corporations, and Senators Dugent, Smith and Fitzpatrick, authors of oil protective legislation in Kansas.

Appeal to the President.

A stinging resolution was introduced, asking President Roosevelt to direct that the forthcoming investigation of the Standard Oil Company be open. The resolution referred to the latter as "notoriously oppressive and unjust, getting in violation of the laws of the United States and Kansas, and guilty of vicious methods," and based the request on Commissioner Garfield's report of the beef packing industry, which it is claimed was so "manifestly favorable to one of the most oppressive and pernicious monopolies now a curse to the American people and a menace to American liberty as to amount almost to a public scandal," and adding that the people of Kansas, in view of "the absurdly preposterous report on the beef trust mentioned, doubt the ability, even the inclination, of Garfield to make an investigation in such a manner as will develop the facts."

Supplementary to this is an appeal to the President asking that

(Continued on page three.)

Nothing Serious.

Washington, D. C., March 20.—It is believed here in well informed naval circles that the Colorado is bound for the naval maneuvers about Guantanamo and that she is not going to Venezuela.

This government has vessels at Guantanamo and it is believed one of these ships would be sent if any were to go.

WARSHIP OFF FOR VENEZUELE

Cruiser Colorado Sails on a Mysterious Mission—Torpedo Experts on Board.

Norfolk, Va., March 20.—The fact that men intended for other ships in the Caribbean squadron have been sent to her. Ten expert torpedo men were sent to the cruiser from the League island navy yard. They left Philadelphia yesterday morning. The order for these torpedo experts was received in a personal letter from Secretary Morton and the men were taken from the torpedo boat

MINE EXPLOSION SENT 24 MEN TO ETERNITY

Flames Leaped From Mouth of Shaft and Set Fire to Everything in Reach—Hundreds Rush to Scene of Disaster.

Charleston, W. Va., March 20.—As the result of the terrible explosion in the Rush Run and Red Ash mines near Thimmond last night, 24 men now lie stark in death in two mines. Ten of these were killed in the explosion Saturday night and the other 14 were a rescuing party who entered the mine this morning to take from the mines the charred and blackened remains of their fellow workmen.

These latter were killed by a second explosion and after damp. The first explosion seemed to shake the foundations of the mountains and the angry twin flash from the neighboring drift mines lighted up the heavens for miles around.

Soon from the mining village for several miles up and down the river hundreds of people rushed to the scene of the dreadful disaster.

The first explosion was caused by a "cracked" flame coming in contact with the gas. The flames leaped from the drift mouth and set fire to everything in reach that was not blown from harm's way by the force of the explosion.

The great drum by which the load-

ed cars are run from the drift mouth down the incline to the tipple and the empties drawn up were blown from their moorings and down the mountain side 600 feet, while the drumhouse caught fire and was totally consumed. The cars that stood at the mouth of the mine were blown far down towards the tipple and much of the track of the incline was destroyed.

The men explored the mines for two or three hours, putting up brattices so that pure air should follow them wherever they went. Finally some of them came out and reported that the others were too careless in going forward faster than good air was being supplied, carrying at the same time a "naked" light.

At 3:45 another awful explosion occurred, caused by the gas coming in contact with the "naked" flame of a miner's lamp and 14 more souls were launched into eternity. This explosion was not so forcible as the former, but the more awful in its effects and was followed by a shorter, thinner tongue of flame followed by a silence so deadly that it seemed physically painful and darkness impenetrable.

The names of the band who lost their lives in a vain attempt to get possession of the bodies of those who perished in the first explosion are as follows:

CROCKETT HUTCHINSON, Boyd county, Ky.; machinist.

PETER HUTCHINSON, miner, Boyd county, Ky.

NORMAN HUTCHINSON, miner, Boyd county, Ky.

THOMAS BANNISTER, fire boss and an officer of the National Mine Workers' Union, Fayette county, Va.

CHARLES WYNNE, miner, Fayette county.

JAMES WYNNE, miner, Fayette county.

BRATT JACKSON, mine boss, Louisa, Ky.

GEORGE HOPKINS, track boss, Malden, W. Va.

HENDERSON MOSELEY, Fayette county.

E. W. HINSON, trackman, Amherst, Va.

The names of those who lost their lives last night will not be known until the books of the operators are checked and even then it will be impossible to identify them.

BASS VOICE AND DEFIANT

Air Has Colored Man Suspected of Shooting Joe Kimmell at Dayton.

The Prisoner Was in This City Two Days Before the Shooting—Says His Home is in Jeffersonville, Indiana.

Hamilton, Ohio, March 20.—The local police believe that in Alexander Scott they have locked up in the city prison the negro who fatally shot Joseph Kimmell, a boiler maker at Dayton, Ohio, last night. Scott was arrested at seven o'clock tonight by Constable Ellis at Cokcoatto a haven for colored people employed at the coke works. The man answers the description sent here by the Dayton police to a remarkable degree. He is 22 years of age, weighs about 150 pounds, is coffee colored and was dressed in a dark suit of clothes with a gray stripe, wore a black cap and black shirt. Constable Ellis had to cover Scott with his revolver before he would submit to arrest.

When questioned by Detectives Graf and Metcalf Scott became surly and defiant but admitted being in Dayton last night and that he beat his way on a C. H. and D. freight train to this city. He claims to have got here about midnight. Scott says his parents live in Jeffersonville, Ind., that he has not been there for a year and last worked at Fort Wayne, Ind., two weeks ago and came from Lima, O., two days ago. When asked if he had any trouble in Dayton last night, he replied angrily, "I don't have to talk," and would answer no further questions.

KIMMEL STILL ALIVE.

Dayton, Ohio, March 20.—Joseph Kimmell, who was shot by an unknown negro last night, is still alive, but cannot recover. James Hurrell was arrested in Miamiburg today as an suspect, but he does not answer the assailant's description.

TWINKLES.

Logic.
If we have come from monkeys,
It follows without fail
The stars have come from comets
And simply lost the tail.
—New York Sun.

Handing Him an Excuse.
"Won't you join us?" she inquired
of the man who had come up to
the table where highballs and cock-
tails were being served.
He sat down and shook his head.
"No, I'm on the water wagon now."
"Don't you," she asked, looking
up at him archly "ever get off to pick
up the whip?"—New York Press.

Necessary.
Hungry Henry—No, mum, I can't
saw no wood today. I ain't got the
power.
Mrs. Woodyard—Power! The idea!
A big, strong man like you.
Hungry Henry—Then will power,
I mean, mum.—Columbus Dispatch.

Why Doesn't He Drive For Her.
Giles—My wife can drive nails like
lightning.
Miles—You don't mean it!
Giles—Sure I do. Lightning, you
know, seldom strikes twice in the
same place.—Chicago News.

Outrageous.
"Do you remember that \$5 you
borrowed of me last June?"
"Well, I should say I did! I lent
\$2 of it to Jones, and the skunk
hasn't paid me yet!"—Puck.

Bachelor Logic.
"Old Mr. Bachelor thinks he has
proved that there is no such thing as
a good husband."
"How's that?"
"He says that if a man's got sense
enough to be a good husband he has
too much sense to get married!"—
Cleveland Leader.

Secret Out.
Poetess—Why does the editor in-
sist that poems shall be written on
thin paper?
Office Janitor—You see, mum, them
thick papers clog up the stovepipe so.
—Columbus Dispatch.

OH, WHERE IS LAWSON NOW?

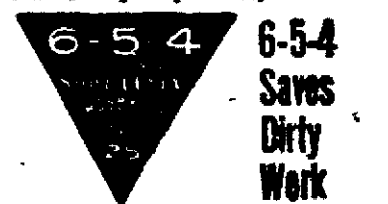

It is announced that John D.
Rockefeller won a driving game of
golf against Marshall Field, Jr., and
another young gentleman by the
name of Billings, from Chicago. The
dispatches describe with some detail
how the oil king made long smashing
drives and threw his hat and bubbled
with delight when the match had
been won.

We do not know what it is, but we
are sure that there must be some
deep, dark plot against the common
people in this announcement. Doubt-
less it first appeared in the subsidized
capitalistic press and percolated
thence to the more readable newspa-
pers. What is its significance to a
down-trodden people? Does it mean
that we must pay 10 cents more per
gallon for our midnight oil, or 5 cents
more for fuel for our automobiles?
Or does it mean that we are to get
25 cents less per barrel for the oil
from our gushers? Is he going to
depress the stock market just when
we have invested all our hard-earned
savings in an innocent little effort
to get something for nothing by play-
ing the market on the bull side? Or
is he going to raise prices in Wall
street and catch us on the short side
and squeeze us to death?

Where is Lawson? Why does he
not tell us what this portentous
game of golf means in the machina-
tions of the "system"? Is he going
to stand by and see us thus robbed.

YOU KEEP CLEAN

and you keep your Gas Range
clean if you cover it with 6-5-4,
because it is applied like paint
and shines itself, so you need not
soil your hands, nor waste your
strength in polishing. It saves
the expense of a stove polishing
brush and it also saves much la-
bor, because one coat lasts six
weeks, and will not wash, rub,
crack, chip or peel off.

crushed and broken when he has
saved us every few minutes for near-
ly a year now? After he elected
Roosevelt, caused the big row in the
insurance companies, knocked out the
beef trust, exposed the Santa Fe,
caused the fall of Port Arthur and
defeated Kuropatkin, we had come to
depend on him. Is he going to de-
sert us in our hour of danger and
need, while he keeps his thumb on
the financiers of Paris and prevents
them from lending money to Russia?
Evidently something is going to
drop! And we, the people, will, of
course, get the worst of it!

THE DEFINITION OF HONESTY WANTED.

What is honesty?
Is it a thing that comes with strict
obedience to the law? Does it lie in
doing no worse than one's neighbors
and keeping clear of the penitenti-
ary?

There seems to be so many codes of
morals that the man stands in the
middle of the roadway. On either
hand he sees people doing things that
seem to him wrong. He doesn't
know which way to turn or what to
do. He finds one code of morals for
business and another for the home.
He discovers that the things that one
can safely do in trade and specula-
tion and politics wouldn't be tolerat-
ed for an instant in a place where
honor was the motto.

The regular session of the West
Virginia legislature adjourned the
other day and Gov. White convened,
at once, the extraordinary session.
There was no recess; no time to visit
the folks at home.

Yet that legislature at once voted
mileage for all of the members both
in coming and going; a distance
which the members never traveled,
and, under the circumstances, could
not have traveled.

Gov. White, ruggedly honest, re-
voted the bill. It is good to know
that he stamped his "no" on a meas-
ure that is common with legislative
bodies. It wasn't big graft. The
lot only amounted to a little over
\$4,000, and according to the constitu-
tion, it was legal graft.

Of course, right-minded men, men
who are away and above petty prac-
tices of every kind, will argue that
a man's conscience must be his guide,
and that in his breast there is a
something that will tell him that this
is right and that is wrong.

That is fine philosophy, but after
watching the course of politicians
and business men, in their daily life,
you can not blame those who are
not decided in their ideas of integrity
for asking "What is honesty?"

What is it?—Toledo News-Bee.

THE HALF WAS NEVER TOLD.

A free Bible lecture at Assembly
room, Court House, March 22, at 7
p. m., by Mr. Hope Hay, representing
the Whitehouse Bible and Tract So-
ciety of Allegheny, Pa.

The Half Was Never Told.
There are people who believe the
world is just entering the Millennial
Reign of Christ, and that a wonder-
ful age of progress, both material
and spiritual, is about to be ushered
in. They believe that the earth and
the great bulk of humanity, both
present and past, will, during the
next thousand years, be restored to
the perfection which six thousand
years ago was explained in the Gar-
den of Eden. They reject the idea
of eternal torment, claiming it to be
unscriptural; asserting that only
those who are guilty of sinning will-
fully against the fullest light infor-
mation are to be considered incor-
rigible sinners, and these only, are to
be destroyed in the Second Death.
They believe that God has for six
thousand years been allowing man to
gain a sad experience with sin, and
that he will, during the next thou-
sand years, (the Millennium) res-
tore a sin that man may see right
ness in all of its beauty, and will
then, the blessed results of its reign.
Having had six thousand years' ex-
perience with sin and one thousand
years' experience with righteousness,
man will be well prepared to make a
wise choice as to which he will serve,
and will then, be tested by the loss
of Eden to determine those who

GOLDEN RULE WILL PROVE SUPERIOR TO BIG STICK

During this long period shall have
failed to become well grounded in
godliness.

Those being thus deceived will go
down into the Second Death from
which there will be no resurrection.
But space will not permit a rehearsal
of all the peculiar views of these
people. Come and hear a discourse
along these lines on God's Eternal
Purpose. If you are seeking the
truth, you will be amply repaid for
all time and effort by attending.
Come, bring your friends. Assembly
Room, Court House, March 22, at 7
p. m. Undenominational. No collec-
tions.

Ten thousand demons gnawing
away at one's vitals couldn't be
much worse than the tortures of
itching piles. Yet there's a cure.
Doan's Ointment never fails.

SOUTH SIDE

Will Return.

Mr. and Mrs. Chas. Brookhart,
who went to Colorado about a year
and a half ago, will return to Lima
next fall, after spending a few
months on the coast. They expect to
go on to California in a few weeks,
and after returning to this city and
spending a time with relatives and
many friends will probably locate in
the Sunny South. Mr. Brookhart
has failed to find relief from throat
trouble in the western climate, and the
past winter has been very severe—
worse than anything Buckeyes have
experienced.

Locomotive Works Notes.

This firm is now building for the
United States government a direct
locomotive with 12x16 inch cylinders,
to be used in the Mare Island navy
yard, on the coast. Several "Shay"
engines are also ready for delivery.

John Carnes will leave the
city for California the coming week.
Mr. Carnes, who was one of the origi-
nal firm of the old Lima Machine
Works, now the Locomotive Works,
carries with him the good will of the
older employees.

A. J. McElroy, of DeGraff, is visit-
ing his son, E. E. McElroy, and fam-
ily, of east Kibby. Mrs. McElroy has
been their guest several days.

Mrs. J. J. Haley, of east Kibby, re-
turned Friday night from Portland,
Ind., to which place she was sum-
moned by her mother's serious ill-
ness. She is much better.

Mr. and Mrs. Edgar Benson, of
east Circular street, are to reside in
Van Wert, where Mr. Benson takes
a position as machinist in the Cin-
cinnati Northern shops tomorrow.
His wife will join him there Wednes-
day.

The Rebekah degree staff are re-
quested to meet at 7:30 this evening
to prepare for initiatory work at La-
fayette, April 4. Let all members
respond. Mrs. Allie Hazeman, N. G.
The Chrysanthemums will be en-
tertained by Mrs. Harris, west Kib-
by street, Tuesday afternoon.

Mrs. T. L. Whitsee returned Fri-
day night from Greenville. She left
her daughter, Mrs. R. H. Demorest,
whose illness called her there, in a
state of convalescence.

Mrs. E. H. Perry, of Reece avenue,
has been entertaining her sister,
Mrs. L. J. Whitmer, of Findlay, the
past week.

Dr. Wood's Norway Pine Syrup
seems especially adapted to the
needs of the children. Pleasant to
take; soothing in its influence. It is
the remedy of all remedies for every
form of throat and lung disease.

PROMISES MUCH OIL.

Bellefontaine, O., March 20.—Fif-
teen hundred people witnessed the
shooting of the oil well on the Smith
farm today. The well is 1,805 feet
deep, and 30 quarts of nitroglycerin
were used in the shooting. The
quality of the oil is good, and indica-
tions are that it will be in paying
quantities.

NOTICE.

Regular meeting of the Woman's
Relief Corps Tuesday evening, March
21st. Please come all that can as
there is business of importance. By
order of President.

A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Pro-
truding Piles. Your druggist will re-
fund money if PAZO OINTMENT
fails to cure you in 6 to 14 days. 50c.

Nation Needs Men Like Sam Jones— Justice Brewer's Theory.

Combination of Capital and Labor Can Only Be Checked by Feeling of Brotherly Love.

Washington, D. C., March 20.—
Associate Justice David J. Brewer
of the supreme court of the United
States, at the fourteenth annual ban-
quet of the Vaughn Sunday school
class of the Calvary Baptist church
Friday evening, declared that the
golden rule is more effective than the
"big stick."

After discussing the national men-
aces of selfish combinations of wealth
and unscrupulous leadership of labor,
he said:

"Such evils cannot be met by
courts by legislation, by judicial de-
cisions, or executive proclamation. I
sometimes see the papers calling out
for decisions against trusts, and I
can but smile to "think how futile
all the larger part of such effort will
be."

Golden Rule the Thing.

"The remedy is not in judicial de-
cisions, but rests in the introduction

into the hearts of the men of the na-
tion the spirit of the golden rule.

"That is the one thing that is bet-
ter than the 'big stick'; that is one
thing that is better than ironclads,
better than legislative action, better
than decisions rendered or proclama-
tions by the executive; that is one
thing that will take us through the
dangers now about us, and those that
will come.

Believes in This Nation.

"They say that an old man begins
to be pessimistic. Although I have
passed by many years the time when,
according to Dr. Osler, I should have
been chloroformed, I am not pes-
simistic enough for the future of my
country not to look bright."

"On the contrary, I feel that it
will go on higher to the place God's
providence has assigned it. God
planted this republic and His good
will goes with it."

CORSETS AS FUR- NISHED BY NATURE

Not Popular Because Ladies Don't Have to Pay for Them, Declares Miss White.

New York, March 20.—That every
woman has a corset in her own body
was an anatomical statement the au-
dience of several hundred women re-
ceived with incredulity at the last
meeting of the ninth semiannual con-
vention of the Dress-makers' Protec-
tive Association in Masonic Temple
last night. But doubt was quickly
overcome when Miss Elizabeth A. C.
White, President of the association,
added: "Though you women have
corsets in your own bodies you don't
use them."

"Do you know why you don't use
the corsets in your own bodies?"
asked Miss White. "It's because
you want things that you have to
pay for, so you don't use what you
have inside."

"Isn't that just like my daughter-
in-law?" laughed a woman from Cin-
cinnati, who said she had never worn
a corset and had a natural straight
front. "I'm going to tell my son
Frank, so he'll not squander any
more money on those straight fronts
when his wife has them in her own
body—only she's too lazy to use
them."

"I can sleep in my corset," con-
tinued Miss White.

"Which one?" came the query
from every part of the room.

"Both," was her quick response.
"The one I don't use and the one I
buy with the straight front, which I
place under my abdomen. By rest-
ing your abdomen on your corset—
the one you buy, I mean—you
breathe freely. There is no reason
why American women should fall to
pieces as soon as they get to be 60,
70 or even 100. It is all in the way
you stuff your knees, wear your
corset and exercise."

"But if your corset isn't on right
you can't stuff your knees. Most
women are stationary from their
waists up. Many have beautiful
arms and legs, but the trunks of
their bodies are stationary because
their corsets are not put on right,
and because they take no exercise.
Some of them come to me any day,
after I have moved the flesh from my
abdomen up to my diaphragm, can't
I sleep? I answer them 'Never stop
moving your figure, never be satisfied
with your form—always keep mov-
ing,' and I tell them to take as their
models the form of a baby with
round stomach and soft curves in the
back."

.....AMUSEMENTS.....

Van Dyke and Eaton Co.

The list of plays to be presented
at the Panrol by the popular Van
Dyke and Eaton Company is the
strongest ever seen here at popular
prices. The engagement is for five
nights, commencing Tuesday with the
great sensational drama "In the
East," followed Wednesday night
with "Carmen," the Spanish gypsy's
fiendish love story made so popular by
"Olga Nethersole," on Thursday night
a complete scenic and electrical pro-
duction of (Goethe's immortal play,
"Faust." Friday night Richard
Mansfield's greatest success, "Dr.
Jekyll and Mr. Hyde." "The Two
Orphans" for the matinee bill on
Saturday afternoon and the great sen-
sational drama, "Jesse James," on
Saturday night.

Special vaudeville features of high
class will be introduced between the
acts.

Pricing during the engagement will
be 10, 20 and 30c.

For the opening performance
(Tuesday night) one lady will be ad-
mitted free with each paid 20 cent
ticket (purchase) before six o'clock
Tuesday evening.

The average person who sees the
higher class of theatrical productions
can conceive no idea of the enormous
amount of money, energy and time
required to equip them for presen-
tation.

For instance, Hamelin and Mitchell's

"Babes in Toyland," which will be seen here this afternoon and evening represents an expenditure of money, which is considerably greater than is involved in many pretentious whole- sale businesses.

In the first place the book was writ-
ten by Glen McDougough, and celebri-
ties like Mr. McDonough ask not hun-
dreds but thousands of dollars for
their work. Then the music is by
that master Victor Herbert, and Her-
bert's work like Mr. McDonough's
costs thousands of dollars. So it will
be seen when a firm of managers has
secured a musical comedy like "Babes
in Toyland," at the very beginning
for nothing but the musical score
and book, they are out of pocket a
small sized fortune. This is just a
starter though for the thing has to be
staged. Now comes the work of
putting it on. The next thing the
scene artist has to be gotten to paint
the scenery. Here is another outlay
of thousands, and in plays like "Babes
in Toyland" the scenery is an item
second to none. When all this is
done there is still another great ex-
pense, the employing of actors and
actresses. Artists do not hold them-
selves cheap, and the manager has
to dig up another big pile. Then the
play is produced. If it is a success,
like "Babes in Toyland," the man-
ager's judgment is vindicated and he
makes thousands of dollars profit. If
not, unless he is very wealthy, he is
a bankrupt. "Babes in Toyland"

MARRIED

Just Before Death Came

Ohio Man Wedded on Operating Table.

STRICKEN WITH APPENDICITIS HE LIVED LONG ENOUGH TO CALL SWEETHEART HIS WIFE.

Huntington, W. Va., March 20.—
Married while lying on the operating
table with the surgeons as witnesses
was the termination of a romance of
an Ohio couple yesterday.

B. F. Keeney, a merchant of Gate-
way, Ohio, a few miles from this
city, and Miss Stella Wilson, a teach-
er, had been sweethearts for years,
and have been engaged for some
time.

Thursday, Mr. Keeney was in this
city on his way to Houston, Ohio, to
procure a marriage license. He was
taken suddenly ill.

It was found he was suffering
from appendicitis and an operation
was imperative. Despite the objec-
tions of the surgeons a minister was
summoned and the ceremony was
performed on the operating table.
Keeney died.

He was possessed of considerable
property, all of which he left to his
wife.

At a regular meeting of the Lima
Fire Underwriters' Association held
on March 14th, 1905, the follow-
ing resolution was passed:

Whereas, Death has removed from
our midst our youngest and most
prominent member. Therefore
Resolved, That in the death of Ber-
ty L. Dotson, a member of the Lima
Fire Underwriters' Association, of
Lima, Ohio, we have lost a friend
and associate, and we feel with regret
the loss we have sustained. Let
not having him present with us at
our meetings and in our daily way
of life.

Resolved, That while we are called
to sit in the shadow of this great be-
reavement, which naturally casts its
gloom and sorrow over us all, espe-
cially those who like ourselves, were
duly admitted to the privilege
of his personal friendship and the im-
portunities afforded by his kind and
kindly mind. We feel unable to express
our true feeling of sorrow and regret
for his loss, and we are thankful that
was our lot to be permitted to have
had his friendship and to have as-
sociated with him during his life.

Resolved, That we survey the brief,
evanescent and splendid career of our
young friend who was called from his
post of duty, and profit by the many
good qualities at all times mani-
fested in his daily life.

Resolved, That cherishing this
memory a profound admiration and
affection, we proffer to his family,
relatives, and friends our heartfelt
sympathy and condolence to aid
their great bereavement.

KANSAS HOLDS
CENTER OF STAGE

The Fight on the Standard Engages At-
tention of Oil Producers.

Discouraging Outlook in Trenton Fields—Five
Wells in Deep Sand Territory Were
Not Up to the Average.

The week passed without any very
serious disturbances in any part of
the oil fields, either east or west.
Perhaps the most interesting event of
the period was the meeting of the
producers held at Independence, Kan.,
on Saturday evening. In was a char-
acteristic oil meeting and reminded
customers of the days of '72. There
were 3,000 of them present and they
missed no opportunity to denounce
the enemy in the most violent terms.

The Sunday Times-Bee contained a
synopsis of the business transacted.
Gov. Hoch and Miss Ida Tarbell were
present and made speeches. Miss
Tarbell receiving a royal welcome.
Here follows the plith of the Gov-
ernor's speech:

"In my judgment Mr. Rockefeller—
and I mention him merely in his rep-
resentative capacity—is doing more
to multiply Socialists and make so-
cialism popular than all of the pro-
fessional propagandists of the fasci-
nating fallacy in the United States
are doing. And the Standard Oil
Company is, in its essential character,
the most gigantic socialist concern
in the country. Its aim and end is
the annihilation of competition, and
in battling against it we know that
we are battling for, and not against,
the competitive system, and no superficial
alarmist can convince us to the con-
trary."

Resolutions denouncing Secretary
Garfield and calling upon the Presi-
dent to see that an investigation be
had that will investigate in the open,
and not such a one as touched up the
red trust, were adopted.

It was resolved to begin legal pro-
ceedings at once to have the Pacific
Oil and Gas Company placed in the
hands of a receiver as a common car-
rier that refused to carry. Oil had
been presented to the company dur-
ing the week for that particular pur-
pose. So it is quite clear that some-
thing will begin to fly during the pres-
ent week. If the Standard Oil Com-
pany thinks it has killed the pro-
ducers in Kansas or ruined them by
its latest moves it has found out by
this time that it may make another
mistake.

So far as business is concerned in
these fields the runs amount to about
18,000 barrels a day. Today an in-
junction will probably be asked to re-
strain the Pacific Company from re-
moving its pipe lines.

Outlook Not Encouraging.
The rock of new wells in the Tren-
ton fields has little in it to en-
courage producers to cause increas-
ing action of the drill. The roads are
destined to be in bad condition for
some time, and even were the active
elements anxious to begin hostilities
it would be forced to remain behind
the breastworks for a season.

A few wells were brought in dur-
ing the week in the deep sand dis-
trict of the Hoosier state without ex-
traordinary results. In fact, they
were below the general average for
that section. There seems but lit-
tle doubt at this writing that the best
of that territory has been pretty well
exhausted of its supplies. Many of the
old wells have gone to water to con-
siderable extent. But they still pro-
duce a sufficient amount of the illu-
minant to pay handsomely.

It is said that the Beauty well in
the new Shirley pool in section 25,
in Henry township, Wood county, O.,
is making a very fair showing. Dur-
ing the present week at least two
wells will be completed there.

Some Polimers.
There is considerable activity in
the Clark county oil fields of Illinois.
This is the shallow sand pool. New
men are going in there daily.

Japan is the third most important
market for kerosene in the far east.
British India and China are just
ahead of it. The Japanese use the
article to exterminate rice pests. It
is found to be cheaper than cam-
phor, which was formerly used for
the purpose. Some, in fact, many
small dealers in the empire make
good money by buying up all the old
oil cans that they can find and refin-
ing them for domestic use. They buy
the oil at wholesale prices, and re-
tail it at a large profit.

The Jennings (La.) oil field pro-
duces 30,000 barrels a day. The
price at the wells is now 10 cents
a barrel. That's what people get for
drilling wells where there is no mar-
ket for the oil.

The Union Oil Company of San
Francisco is erecting storage at Seat-
tle to cost \$1,000,000.

A woman writes from Los Angeles
to ask whether John D. Rockefeller
cares anything about the things that
are said about him. In reply we
would say that nobody cares whether
he does or does not. If he's good,
the truth won't hurt him; if he's bad,
it ought to.

A man named Ogden is drilling for
oil within eight miles of Portland,
Ore. He is down 800 feet and has
encountered all kinds of obstacles. He
found quicksand that gave him much
trouble. Then high water came
along and drove him to shelter far
from the site of his oil venture. He
had many fishing jobs, and lastly he
struck a vein of salt water that over-
flowing the well, necessitating the re-
moving of it with a large outfit of
casing.

In the Alameda section of the Indian
Territory field operators are bring-
ing in some very nice wells these
days. It is shallow territory. Clint
Wiser, an old-time operator from the
East, is engaged in that locality drill-
ing wells. He got a 50-barrel well the
other day.

W. H. Tucker of the Publishers'
Oil Company, of Cherryvale, Kan.,
will organize the Circle Sun Oil Com-
pany and proceed to build a refinery
at that place. He sold \$40,000 worth
of stock of the new enterprise in just
40 minutes from the first announce-
ment.

A report got onto the wires last
week that a 10,000-foot gas well had
been struck in the Hurricane field by
the Holly City company. The same re-
port states that the well is the big-
gest that has ever been struck in that
section. The correspondent proba-
bly intended to make it millions in
stead of thousands.

A 50-barrel well has been brought
in southeast of Dover, Kan., that
extends the Bartlesville field consider-
ably to the north and east.

Jennings Bros. got a duster in their
test two miles west of Pawhuska, I.
T. It was drilled to 1,850 feet with-
out finding a trace of oil or a smell
of gas.

C. M. Finch, of Lima, has agreed
well on lot 8-24-17 Ogea nation. He
found 46 feet of good sand.

The Southern Oil company has
completed the fourth well in the
Neptune, Mercer county, Ohio, pool
that promises to do 25 barrels a day
for some time. The other three wells
are fair producers also. The com-
pany holds 800 acres in the commu-
nity. Three new companies were or-
ganized in Indiana last week for oil
development purposes. The latest is
from Bloomfield, Ind., where the
Bloomfield Oil and Gas company has
been perfected with a capital of \$10-
000.

W. Wishaw, of Cincinnati, has pur-
chased the interest of the Fern Oil
company, located near Selma, Ind.,
and those of the Beechwood Oil Co.,
with four deep-pay wells and, in all,
about 700 acres of territory, for the
sum of \$30,000, the latter company
received \$20,000 of the money.

Another oil company has been or-
ganized at Princeton, Ind., to back
the Standard, with \$10,000 capital.

GIRL'S
TEAM

ORGANIZED AND WILL PLAY
MARYSVILLE FRIDAY NIGHT.

Another girls basket ball team has
been organized since the retirement of
the High School team and Friday
night will play the fast girl team
from Marysville.

Champions of World Coming.
An effort is being made by Man-
ager McEmmet of the White tars, to
bring to this city on next Wednesday
evening the Champions of the world
from Buffalo, N. Y. This team plays
at Kenton Monday and Tuesday
nights and at present it looks very
much as if Lima would have a chance
to see the invincible White Stars play
against a team worthy of their mettle.

Headaches and Neuralgia from Colds

Grove, 25c.

KANSAS OIL MEN
MEET TO FIGHT
STANDARD TRUST.

(Continued from page one)

The Standard investigation be open
concluding:

Let Garfield know that trifling will
not be countenanced. The people are
aroused and in earnest, more so than
any one away from Kansas, can real-
ize. They cry to you for help.

Miss Tarbell Sends Letter.

Miss Tarbell declined to make a
speech and wrote the following let-
ter, which was read to the conven-
tion:

Topeka, Kan., March 17.
President of the Oil Producers' As-
sociation:

My Dear Sir:—I have just received
your card announcing that I am to
speak at the oil producers' meeting
at Independence tomorrow (Sat-
urday). I have repeatedly declined the
invitation which your committee gave
me to speak at this gathering, and I
don't see my way clear to reconsider
that declaration. I came to Kansas to
learn, not to teach, to hear, not to be
heard.

Your representative urges me, how-
ever, to write you a letter on the oil
situation as I see it, and to give you
my opinion on the recent oil legisla-
tion and my view of what the oil
producers should do now. I can hard-
ly hope that my views will be of the
least assistance. They are still un-
formed for I have not learned as
much of the situation as I must be-
fore I make up my mind; but such
as they are I am glad to give them to
you.

As to your Legislature, it seems to
me to have struck the fundamental
principles of free circulation. It
seems to give you:

**First, free competition in manu-
facture.**
**Second, it puts a stop to the pro-
hibitory and discriminating rates on
oil freight.**

**Third, it aims to stop the cut-
throat competition in the markets.**

**Fourth, it makes the great system
of pipes on which the oil industry
depends for reaching a market a
common carrier.**

There may be practical difficulty
in working out some of these bills.
It will not be surprising—indeed it
is to be expected—that mistakes will
be made in the efforts to crystallize
the principles into practical results.
The great question is not whether
you have made mistakes, but whether
you discover your mistakes and cor-
rect them.

Warns Against Standard.

What should you do now? Gener-
ally I should say, you should get
down to business. Please note that
the time you spend in talking at In-
dependence the Standard Company
spends in putting one or two 50,000-
barrel tanks, laying ten miles of pipe
and refining tens of thousands of bar-
rels of oil. It is keeping quiet and do-
ing business.

It seems to me the time has come
for oil men in Kansas dissatisfied
with the way the Standard Oil Com-
pany is handling their oil to take a
lesson from the Standard itself. You
have your legislation, you are back-
ed by a resolute Governor, by an hon-
est Legislature and by a sympathetic
state.

Now the time has come for you to
study the oil problem as the Stan-
dard Oil Company studies it, to find
out the exact relation of your oil pro-
duction of the oil market of the world,
then means of independent pipe lines
to reach those markets. If you will
do this there is no question but even-
ually you will win a place for your
great product.

Points Out World Market.

Remember there is a world market.
The Standard Oil Company by no
means monopolizes this market. Your
problem is to get into touch with
the world market. You cannot do
this by cursing the Standard Oil Com-
pany, neither can you do it simply
by demanding and securing the best
legislation which honest men can de-
vise for you.

If you are to succeed in your oil
fight you must follow up legislation
by doing business and saving wood
as we say in the East. My advice,
then, to the Kansas oil producers who
are dissatisfied with the Standard Oil
Company is to play the oil game as
well as the Standard Company plays
it, and then play it like gentlemen,
with due regard for the rights of
men, something the Standard has
never done. When you do this you
succeed in what you have undertaken.
Stop slandering and play the game is my
advice.

IDA M. TARBELL.

HISTORY OF THE OIL FIGHT IN
KANSAS.

How Producers Have Suffered for Fair
Play Against Great Trusts.

Chanute, Kan., March 20.—The oil

SORE THROAT
KEEPS MANY CHILDREN
FROM SCHOOL,
when there was a bottle of
TONSILINE
on the shelf, they need never lose a
day from the class. TONSILINE is the
greatest throat remedy on earth. Tonsiline
cures Sore Throat, and relieves very quickly,
and is a positive, never failing and speedy
cure for Sore Mouth, Sore Gums, and
Quincy. A small bottle of Tonsi-
line takes longer than most any
case of SORE THROAT.
25 and 50c at all druggists.
THE TONSILINE CO.,
CANTON,
OHIO.

fight in Kansas, briefly reviewed to
date, is as follows:

The Legislature has made all pipe
lines of the state common carriers.

The Governor has signed the bill
and the law is in force.

A law fixing the maximum freight
rate for the transportation of crude
petroleum over the 12,000 miles of
railroads in Kansas, is being obeyed
by shippers and railroad companies.

Bonds are issued, signed and are
being sold on the market for the
maintenance of the \$400,000 state
oil refinery at Peru, Kan., a point in
the very center of the oil district.

Under the terms of the refinery act
the convict labor of the state will be
employed to refine the Kansas oil
now bubbling from the ground. The
exact site of the refinery has been lo-
cated by the legislative committee
and the committee appointed by Gov-
ernor Hoch.

The Injunction Scare Has Passed.

The threatening injunction and con-
test as to the validity of the bonds
has been materialized and contracts
for the material for the erection of
a branch penitentiary and the stills
have been made. At Peru the pipe
lines are contracted for to connect
with the independent producers to
transport the oil directly to the state
still.

No definite arrangements have been
made by the state to distribute the
refined product. Numerous capital-
ists are offering terms that will be
very remunerative to the state to take
the refined product at the refinery at
the rate of five cents per gallon and
distribute it on a three cent per gal-
lon basis.

Experts have told the state officials
that doubtless the price can be paid
for the crude product that is now be-
ing paid by the Standard, within a
reasonable radius of Peru, and the
state also can be credited with a statu-
tory price for the convict labor and
pay interest upon the entire invest-
ment advanced by the state. Then
it can still sell oil in wholesale lots
at five cents per gallon and have the
gas, oil, paraffine and other by-pro-
ducts practically free.

There is a constant market for the
by-products under the present rail-
road maximum freight rate to the gas
companies that manufacture illu-
minating gas, known as "water gas."
This is looked upon by all the citi-
zens, regardless of their political or
partisan alliances, as a patriotic
movement to release the abnormal
and enforced condition of the oil sit-
uation brought about by the alliance
of the railroad with the Standard Oil
Company in the state.

People vs. the Standard Oil.
Readers of the magazines and of
the current publications through the
rural mail delivery have intensified
this sentiment ten fold in the last two
weeks. The liberal estimate of the
Standard Oil voters in Kansas is put
at 250,000.

GAMBLING DEVICES
OF ALL KINDS SUFFER

Under Clause in New Ordinance Which
Comes Up Tonight.

Section three. That any or all in-
struments, devices or paraphernalia
of any kind or description whatever,
used for the purpose of gambling,
found in any of the aforesaid rooms,
buildings or other place and places
mentioned in Section 1 of this act,
shall be confiscated and destroyed,
and the Chief of Police or any other
member of the Police force of said
City, are hereby authorized and em-
powered to enter at any and all times
any such room, building or other
place mentioned in said section 1,
aforesaid on proper warrant there-
for to search for and seize any such
gambling instrument, device or para-
phernalia.

The above is the clause in the or-
dinance which came before the City
Fathers tonight and which will war-
rant the destruction of crap dice,
pasteboards, kittles and chips found
in any gambling room in Lima. The
police department will also have an
opportunity to visit such rooms and
find out whether any paraphernalia
of this kind exists with out the trou-
ble which formerly was theirs. The
Council will have a chance to make a
law out of it this evening and it is
up to them.

Other New Ordinances.
The Ordinance regulating hacks,
moving vans, and express wagons will
also come up this evening. It has al-
ready been up and will probably be
voted on this evening. Other new or-
dinances to be read are for the levy-
ing of special assessments to pay for
the improving of Elm street from Col-
let to Charles street by constructing
a public sewer and for the improve-
ment of Pine street from the Ottawa
river to St. Johns road. The new or-
dinance regarding the sale of liquors
in the city will also be given another
reading.

We Paid \$100,000

For Liquezone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Liquezone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

not kill. The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter. There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquezone its worth to humanity. And that worth is so great that we have spent over one million dollars to start the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Kills Inside Germs.

Liquezone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

Fever—Gall Bladder
Flu—Croup
Gonorrhea—Grippe
Typhoid—Typhus
Yellow Fever—Wagon's Disease
All diseases that begin with fever—all infectious diseases—all the results of impure or poisoned blood.
It is a germicide—Liquezone acts as a vitamin, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist's charges for this. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please, accept it today, for it places you under no obligation whatever.

Liquezone costs 50c. and \$1.

CUT OUT THIS COUPON
for this offer may not appear again. Fill out the blanks and mail it to The Liquezone Company, 650-652 Wabash Ave., Chicago.

My disease is.....
I have never tried Liquezone, but if you will supply me a 50c. bottle free I will try it.

43 1
X 2 Give full address—write plainly.

Any physician or hospital not yet using Liquezone will be gladly supplied for a test.

PHONED

That He Was Coming

And Taylor Went Out to Find the Attorneys.

Who Were Pushing His Wife's Divorce Suit.

Barrister Was Entirely Too Handy With a Gun.

AND THE SALOON KEEPER'S BODY WAS TAKEN TO THE MORGUE—DEPLORABLE INDIANA TRAGEDY.

Vincennes, Ind., March 20.—The most startling murder sensation in the history of Vincennes occurred Saturday when Attorney Louis A. Meyer shot and almost instantly killed "Colonel" Ayes Junior Taylor after Taylor had given Meyer a terrific beating.

The fight occurred in front of the postoffice, and there were many eyewitnesses, some of whom had narrow escapes from a bullet that missed Taylor and sped through the open postoffice door, hit three walls and fell to the floor, where it was picked up by Ellis Sparrow, a bill poster, whom it barely missed. Three shots were fired from a Smith & Wesson 38-caliber revolver, one of which hit Taylor in the breast and another in the back near the collar bone. Taylor fell to the street, his last words being a call for a doctor. He died at 12:03 in his saloon across the street from the postoffice, where friends had carried him. Meyer, whose face was beaten so he was unrecognizable, was driven to the jail, being met by his wife on the way, where he handed his gun to Sheriff Westfall and gave himself up. Meyer was allowed to be taken home, where he is in a serious condition from the beating and nervous shock.

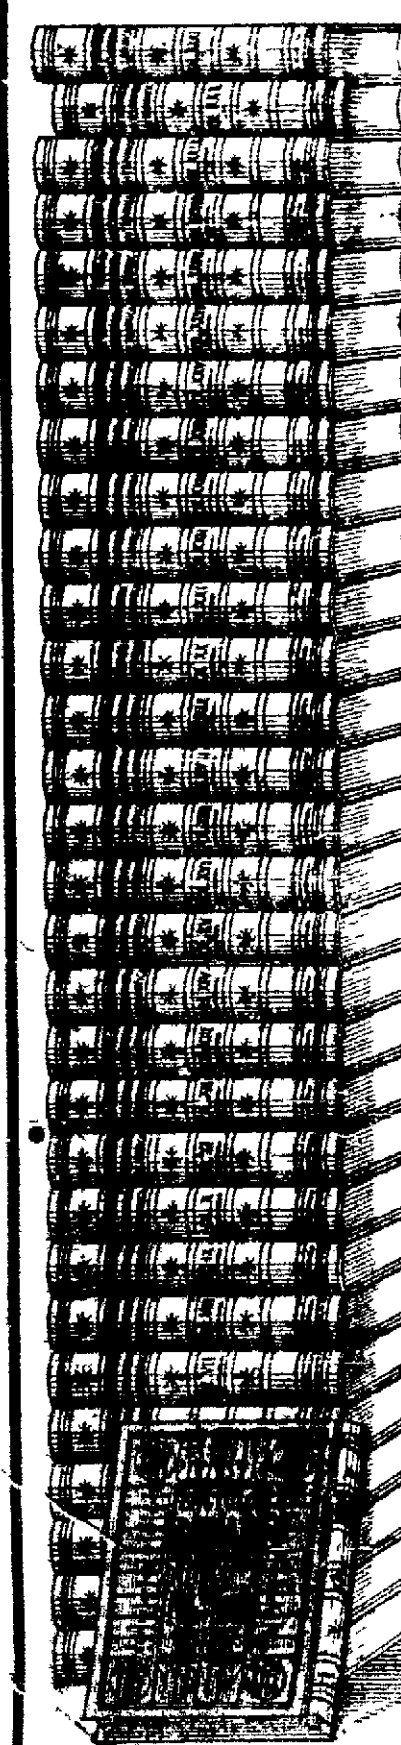

Guard Sworn In.
Sheriff Westfall tonight swore in Claude C. Winkler, a commission merchant, to stand guard at the Meyer residence until Meyer is able to appear in court. Coroner Bailey tonight allowed Taylor's body to be removed to Gardner's morgue. The funeral will take place at 3 o'clock tomorrow from Taylor's residence.

The tragedy was the direct result of Taylor's domestic troubles. Taylor issued a statement that he would not pay any debts contracted by his wife, whom he alleged to be insane. Mrs. Taylor, through her attorneys, responded with a statement that whether insane or not Taylor must support her, and claimed ownership of his saloon property. Meanwhile a divorce suit was pending against Taylor, it having been instituted immediately following Taylor's arrest and conviction for visiting a resort Taylor was a Councilman from the First Ward at the time, and the affair caused him to resign and leave the city. February 4 Taylor returned and again operated his saloon. Meyer and Samuel W. Williams were retained by Mrs. Taylor in the divorce suit. It is alleged that yesterday Taylor telephoned Meyer, "Forewarned is forearmed," and to Williams, "You have 30 minutes to live." Both attorneys armed themselves and when today Taylor saw Meyer enter the postoffice he left his saloon and in his shirt sleeves waited for Meyer outside the door of the postoffice.

Taylor asked Meyer, if he intended to push the divorce suit. When Meyer answered yes, Taylor attacked him and the shooting followed. Taylor leaves a brother, Harvey Taylor, of Terre Haute, who arrived this evening.

Taylor was born in Jessamine county, Kentucky, October 5, 1819. His father was a slave holder, who disposed of his slaves and other property and removed to Boone county, Indiana, in 1851. Taylor learned

Home Study and Success

Education neither begins nor ends with the college. It depends first on one's own efforts, upon one's ability to learn, and then on the help of the teacher.

Home study is the secret of success. Many of our great men have been self-taught. Lincoln is a striking example.

The most complete home-training school ever organized is now open to every earnest man and woman, boy and girl. It is within the pages of the NEW WERNER TWENTIETH CENTURY

Encyclopaedia Britannica!

It provides no less than 73 COURSES OF STUDY, covering every phase of human research and endeavor. To make this work distinctly practical, a SUPPLEMENTARY VOLUME was prepared, which outlines these courses and aids the student in home work. Systematic reading is provided in such subjects as Literature, Astronomy, Biology, Zoology, Botany, Geography, Mathematics, Theology, Law, Medicine, Engineering and Carpentry.

No matter what your education or previous training, this unrivaled work will point out some course which you have long wanted to follow—and furnish the material within its 25,000 teeming pages!

If you have no aid or incentive to home study, you are losing ground. Questions are constantly coming up which require definite answers. You need the best Encyclopaedia you can get, and that is easily the New Werner Twentieth Century Encyclopaedia Britannica.

An Unusual Short Time Offer!

This latest edition, revised up to 1905, is already in great demand. On account of our extensive advertising and distributing facilities, we are supplying this great reference library of 31 MASSIVE VOLUMES direct from the factory to readers, thus cutting out all middlemen's profits, and effecting a saving of nearly 50 per cent of former price. Nor is this all. We have arranged terms so easy as to place it within reach of every man and woman who can spare TEN CENTS A DAY. And ONE DOLLAR brings the books right into your home, to be used while paying for them.

Send the Inquiry Coupon To-Day!

Our special offer at fifty per cent discount is limited. You must be prompt to be sure of a set of the New Werner Twentieth Century Edition before the inevitable advance in price. By our easy-payment plan you can secure a set on the payment of one dollar, and the remainder can be paid at the rate of ten cents a day for a short time. Cut out the Inquiry Coupon and mail it to us NOW—while you are looking at it—and let us tell you more about this remarkable book bargain. The coupon below brings attractive sample pages and full particulars.

BOOKCASE FREE!

We have on hand a small number of attractive bookcases made especially to hold a set of this Britannica. These bookcases will be given free of charge to readers who respond promptly to this advertisement. Mail the coupon below at once.

Scissors out and mail this coupon to day.

The American Newspaper Association.

WINONA LAKE SEASON.

Will Be Particularly Attractive For an Outing.

The summer of 1905 is to be an especially attractive season at Winona Lake. The beautiful resort of Northern Indiana on the Pennsylvania lines The Presbyterian General Assembly will convene there May 15th. Noted speakers and musicians have been engaged for the summer entertainments. There will be conventions and social and religious conferences from May until September. The literary presentation will be prominent. In brief it will be a most profitable season educationally. Teachers and students who attend the Summer School will derive much benefit.

Winona Lake has golf links, tennis courts, baseball and cricket grounds, boating, fishing, swimming and camping facilities. The Pennsylvania lines run direct to the park entrance. Season and fifteen-day excursion tickets may be obtained from ticket agents on the Pennsylvania lines. Information about Winona Lake, the season's program, hotel accommodations etc., can be ascertained from S. C. Dickey, Secretary and General Manager, Winona Lake, Ind.

SUMMER BOARDERS.

The C. & D. Ry. is preparing to issue a complete list of names and addresses of parties who desire summer boarders. They also wish the following information, number of persons that can be taken care of and rates per week. This information will be published in booklet form without cost.

Send full information to D. G. Edwards, Passenger Traffic Manager, C. & D. Ry., Cincinnati, O.

FAST DRIVING

RESULTS IN ARREST OF THREE
GIRLS—OTHER POLICE
NEWS.

A desire to go fast resulted in the arrest, on south Main street, of three girls, who registered as Nelly Feski, Bessie Hartley and Janet Hartland. Officer Schleister brought them in and the trio this morning entered pleas of guilty to exceeding the speed ordinance. The mayor assessed them \$13.60 apiece.

Looking For Him.
The police are searching the city for the owner of a large sword cane now on exhibition at the city bastille. He is alleged to have made a vicious assault on another man whose name cannot be learned and the dangerous cane is also said to have played an important part.

Four Sunday drunks were arraigned this morning. They gave their names as John St. John, Henry Easley, Chas. Jackson and Frank Sovers. They drew a fine of \$4.00 in each case. Chas. Spang, a suspicious character was fired out of town.

LUNACY

IN A VIOLENT FORM SHOWN
BY CHAS. MOFFIT ADJUDGED INSANE BY JUDGE MILLER—OTHER CASES.

Application was made today for the reception of Charles Moffit to the asylum at Toledo. Moffit comes from near Columbus Grove and was adjudged insane by Judge Miller Saturday, proof being made that he was very violent at times and has committed several assaults on his aged grand parents. Sheriff Barr will probably take him to Toledo tomorrow.

Impanelling Jurors.
A civil suit for damages alleged to have befallen a horse while in the care of the defendant is the basis for law proceedings in the case of McCarey vs. Chappell. The jury is still being drawn at the time of going to press.

MISSIONARY MEETING.
The regular monthly meeting of the Woman's Home Missionary Society of Trinity M. E. church, will be held with Mrs. Avann on Wednesday, March 22, at 2:30 p. m. Mrs. Clark, of Boston, the national organizer, will be present to address the meeting. Let all members and friends be present.

urday, March 25th.

LIMA

Attorney Attends the
Meeting of

THE EXECUTIVE COMMITTEE
OF THE STATE BAR ASSO-
CIATION

AT COLUMBUS YESTERDAY—
ANNUAL MEETING WILL BE
HELD THIS YEAR AT
PUT-IN-BAY JULY
11, 12, 13 AND
14TH.

Attorney D. C. Henderson, of this city, has returned from Columbus where he was in attendance at a meeting of the executive committee of the State Bar Association. At the meeting it was decided to hold the next annual convention at Put-in-Bay, at the Hotel Victory, July 11, 12, 13 and 14.
Judge Peter Grosscup, of Chicago, formerly of Ohio, was secured to deliver the annual address. A full program was arranged. Special rates will be made by the hotel and all railroads.

SPRING STYLES IN CRAVANETTES AND "TOP COATS." H. A. ALBRECHT, THE AMERICAN CLOTHIER.

SHRINERS

From This City Will
Attend

A BIG EVENT AT INDIANAPOLIS
NEXT FRIDAY, WHEN VICE
PRESIDENT FAIRBANKS
WILL BE INITIATED.

There will be some big doings in Shrine circles at Indianapolis next Friday. Vice President Fairbanks being initiated into the Mystic Shrine on that day.
Shriners from Lima and this section of the state will attend in large numbers.

NEW CRAVANETTES AND
RAIN COATS. H. A. ALBRECHT,
THE AMERICAN CLOTHIER.

TO ARIZONA

Dr. Pence Will Go To-
Night.

Dr. Pence, president of the Board of Education, leaves tonight, his destination being Arizona. The Doctor goes to visit the Pulmonary Sanatoriums of that country and intends to make a close study of these institutions with the object of learning their locations and the benefit to be derived from them. He expects to stay at least ten days.

(Findlay Republican.)

The contract was let on Friday for the construction of the electric line between this city and Lima, the Cleveland Construction Company being the lucky bidder. The figures have not been given out as yet.

Work will be commenced on Monday morning next at Rawson, and it will be pushed vigorously forward until the line is completed, which must be done, under the contract by the first day of September, 1905.

This will be the best of news to the many people residing along the line, especially to those residing between this city and Rawson. It will enable them to visit Findlay in all weather with greater ease than it was formerly to call on their nearest neighbors.

The residents of Lima and Hard avenue, and the southwestern portion of the city will also find great accommodation in the new line.

Miss Edna Gately, of Sidney, will enjoy "Babes in Toyland" this evening, as the guest of Mr. and Mrs. J. R. Fennell.

IF YOU ARE LOOKING FOR A
CRAVANETTE OR RAIN COAT
"MEET ME AT THE LIMA HOUSE
CORNER."

DATES FOR INSPEC- TION OF LIMA MILITIA

General Miner and Kautzman Will Inspect Men
and Equipments March 28.

Columbus, O., March 20.—Orders have been issued for the annual inspection of Toledo organizations of the national guard as follows:
Headquarters and Companies A, C, H. and L. of the Sixth Infantry, March 29; Battery D, First company, Signal corps and First Ambulance company, March 30.
Other Sixth regiment companies will be inspected as follows: Pre-mount, March 27; Port Clinton, March 28; Bowling Green company of the Second will be inspected March 28; Findlay company and postal corps detachment, March 30; Ottawa company, March 31; Lima company, March 28.
Brig. Gen. Miner, U. S. A., and Asst. Adj. Gen. Kautzman will be inspecting officers.

LITIGATION

From Two Sources
Threatens Board of
Education.

THOSE OPPOSED TO VACCINATION AND OWNER OF HOLLAND BLOCK THREATEN AN APPEAL TO LAW TO ADJUST DIFFERENCES OF OPINION.

Our board of education is threatened with two law suits and unless a settlement is made tonight at the regular meeting there is liable to be some fur fly. The citizens of Lima, opposed to vaccination of their children and who do not consider that the board has a right to prevent their children from attending school on this account have gathered together and propose to test the rights of the board. Several well known attorneys have expressed the opinion that proceedings can be brought which will force the board to back up in its decision to enforce their rule that children not vaccinated shall not attend school. Dr. Pence, president of the board, however, thinks differently and points to several decisions of the courts upholding such measures taken by other boards.

Trouble About Holland Block.
The owner of the Holland block also threatens to appeal to law to bring the board of education to terms, the trouble being over the leasing of the block in the past for school purposes. The contention lies in the leasing of the building for this year. Mr. Holland claiming that the lease extends until next September and should be paid for until that time while the board opposes this by the argument that due notice was given of their going to vacate the building by March 1st, 1905.

Bids Will Also Come Up.
Bids for the furnishing and finishing of the new high school building and work to be done on the Richardson and McKinley buildings will also come up this evening and the board promises to have a busy time.

MANAGER

Of the Babes in Toy-
land Company

AN OLD TIMER IN THE BUSI-
NESS AND A CLEVER GEN-
TLEMAN, TOO.

E. M. Gotthold, the genial manager at the head of the Babes in Toyland Company, is a veteran at the theatre business, having entered the profession 48 years ago, when a mere boy. He was with the attraction which opened the theatre in the old city hall in this city years ago.

The Babes in Toyland Company arrived yesterday noon from Port Huron, Michigan, and are quartered at the Hotel Norval and Lima House.

This afternoon the company is playing to a capacity and for this evening there has been a big sale, although a number of good seats yet remain. A number of theatre parties will be here this evening from Delphos, Wapakoneta, Celina, Ada and St. Marys. Twenty-five seats

were reserved for the Delphos party. The company, which carries two baggage cars and one coach, goes to Springfield tomorrow.

MISTAKE

In Names Made in the
Daily News

SATURDAY—THE NAME OF EARL SWAN APPEARED IN THE EARL WAGNER FORGERY CASE.

In Saturday's issue of the DAILY NEWS the name of Earl Swan, one of Lima's best known and highly respected young men, appeared by mistake in connection with the forgery case of Earl Wagner, the young man who pleaded guilty to forgery and was bound over to Common Pleas court.

MUST BELIEVE IT.

When Well-Known Lima People Tell It So Plainly.

When public endorsement is made by a representative citizen of Lima the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

Frank Phannery, manager of the Oak restaurant, and living at 118 west Spring street, says: "If Doan's Kidney Pills had not done just what was claimed for them when I used them some six years ago I would not have allowed my name to be published at that time in recommending them. I stated then that after procuring this remedy at Melville's drug store and using it according to directions I was cured of a distressing weakness of the action of the kidneys. This was after I had doctoring and taken numerous other treatments without avail. I reendorse Doan's Kidney Pills now because the cure I spoke of at that time has proved permanent, and this should convince any sufferer of its merits."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

STELLA REBECCAS MEET TO- NIGHT.

All members of the Stella Rebecca lodge are requested to be present tonight for practice of the degree staff which goes to Lafayette April 4th.

You will need to prepare your system for the coming hot weather, get your organs to work like clock work. Hollister's Rocky Mountain Tea taken this month will do the business. 35 cents, Tea or Tablets. H. F. Vorkamp.

NOTICE

The Women's Foreign Missionary Society of the United Brethren church will meet at the home of Mrs. A. E. Davis, 711 east Elm street, Wednesday at two p. m. Those owing dues and Bible woman subscriptions will remember that the first Wednesday in April closes the year's work. See

If you want your little ones strong, healthy and robust, give them Hollister's Rocky Mountain Tea this month. A tonic for the whole family. The children's friend. 35 cents, Tea or Tablets. H. F. Vorkamp.

Your Spring Suit!!!

Have you ordered it? If not, DON'T—until you see us. We have more than one thousand patterns for you to select from. We are able to give you the VERY LATEST, not only in fabric, but in style of cut and finish as well. We have hundreds of customers among the good dressers of Lima—Ask any of them, they will tell you we will care for your interests as if they were our own—and in the clothing line they are.

The fronts of every coat we make is guaranteed to hold their shape indefinitely.

Top coats \$14 up; Suits, \$15 up; Trousers, \$4.

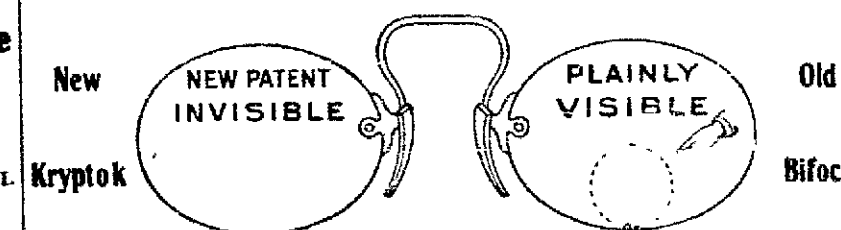

Your credit is good here.

J. M. Spicer & Co.,

New Phone 1124. 124 East Market Street.

NEAR AND FAR KRYPTOK Invisible Bifocals

They are in appearance like solid, single focusing glasses. The reading lens is hidden within the distance lense—not cemented on—the distressing lines are absent. The "old look" that many object to in bifocals is entirely obviated. Kryptok's afford unspeakable relief.

Mr. J. D. Meigenheim, of Cincinnati, is in the city.

Mrs. Lisle Adams and Mrs. Chas. Edwards of Findlay, are guests of Mrs. Edna Kirk, of Elm street.

Miss King, of Buffalo, is the guest of Mrs. May Argue, of west Market street.

Mrs. Hugh Phelps, of Detroit, is enjoying a visit with her parents, Mr. and Mrs. Ira Carnes, of west Market street.

Mrs. Harold Wakefield is visiting among Toledo friends.

PICTURE IN GARTER BUCKLE THE LATEST SOCIETY FAD

"Sh! Sh!"
Well, if you'll promise never, never to breathe a word about it you will be told all. After all it is not so much of a secret. It simply concerns an article of my lady's jewelry, concealed, 'tis true, and never meant for show, but jewelry, and just as dainty and elaborate as a ring or locket.
They're garters—garter clasps, to be exact—jeweled and engraved and wrought of the finest gold.
The clasps range from plain gold or silver in jeweled and enameled wonders of the goldsmith's art, costing as much as one wishes to pay.

AN IMPORTANT MAN

Among men is the one whose attire shows every trace of good taste and refinement.
To those who are seeking apparel that is of the finest materials, the latest cut and style, a call here will offer many suggestions and demonstrate how easy it is to get master tailor work at the price of ordinary "ready made" suits.

SHERMAN WERNER, TAILOR, UNION SHOP
303 North Main Street.
